SCHOOL MILK COOLERS DUAL ACCESS, COLD WALL ST SERIES

MODELS:
ST34N
ST49N
ST58N

Commercial Refrigeration Equipment General Specification

ST SERIES—DUAL ACCESS, COLD WALL

Dual access, cold wall milk coolers are designed to hold milk between 36°F to 38°F until ready to serve. Produced in three sizes to hold 8, 12, and 16 milk cases (13" x 13" x 11") per unit.

CABINET CONSTRUCTION

Standard construction includes the lid, door, adjustable hinges, and door latches made from stainless steel. Balance of exterior is white finish on steel. One-piece, reinforced stainless steel floor for maximum milk crate support. Balance of interior is galvanized steel. Heavy-duty, epoxy coated steel wire floor racks are provided for added floor protection. Floor drain is centrally located for easy cleaning, connecting to drain hose with hose adapter.

Exterior thermometer, cylinder lock, bottom drain, and 4" swivel casters (2 with locks) are provided as standard.

Foamed-in-place CFC and HCFC-free polyurethane insulation enhances the structural strength of the cabinet and helps increase energy efficiency. This insulation helps to prevent liquid penetration that results in foul odors. Overall depth of 31 1/2" allows easy mobility and clear passage through most doorways.

Models are also offered with stainless steel exterior in place of white finish on steel. A stainless steel interior is optionally available. Additional options include wrap around and corner bumpers.

REFRIGERATION

Refrigeration system uses R404A refrigerant, which is CFC and HCFC-free for compliance with environmental safety concerns.

ELECTRICAL

Units wired at factory and ready for connection to a 115/60/1 phase, 15 amp dedicated outlet. 8' long cord and plug set included.

SPECIAL FEATURES

- One-piece, reinforced stainless steel floor for maximum support of milk crates.
- ST34N & ST49N models have earned the ENERGY STAR®.
- Stainless options available.

ST34N (white exterior shown)

ST49N (white exterior shown)

ELECTRICAL CONNECTION

115/60/1
NEMA-5-15P

Units pre-wired at factory and include 8' long cord and plug set.
